Paper. People. Planet.®

American Eagle Paper Mills has been revolutionizing the paper industry since the 1880s. In the early 2000s, the Mill re-tooled and reinvented itself, with a focus on sustainability. We are committed to being the preferred supplier of premium recycled printing paper by consistently delivering high standards of paper performance, customer service, and eco-friendly manufacturing. American Eagle is proud to be the only US-owned and operated paper mill producing up to 100% recycled printing paper. Help us write the “greenprint” for a better planet.
